[CDF quick guide 9 17 13.pdf](#)

Hi Personal Privacy / Ex. 6

Good speaking to you this evening. Let us know what the committee decides regarding the Nov 18th discussion on the different options being considered for Portland Harbor.

If the discussion is postponed, provided are open days for the EPA project lead on confined disposal facility (CDF) questions.

December 16th and in January (Monday -Thursday , for the weeks of Jan 13, Jan 20, and Jan 27)

With his schedule and St. Johns schedule, perhaps we can work on a date that will work for reconvening.

Provided is the Frequently Asked Question guide distributed during the August CDF community information session, and a link to the website. The [Confined Disposal Facility Frequently Asked Questions \(FAQ\) \(PDF\)](#) has more questions that EPA received from the community and answers.

If hard copies are needed, please let me know.

We look to hear from you soon.

Hello Ms. [Personal Privacy / Ex. 6]

Following up from my voice mail message. Unfortunately the EPA project lead for confined disposal facility topics will be on travel during the week of Nov 18th. I would like to discuss how we can accommodate the presentation request and possibly work out an alternative date.

Please call me at your earliest convenience to discuss.

Thank you,

Alanna Conley

Subject: Re: St. Johns Neighborhood Meeting, 11/18

Hello Ms. Conley,

At our October neighborhood meeting, the community made it clear that they would like an informational meeting about the toxic waste dump proposal. This will take the place of our usual neighborhood general and board meetings in November. We are not interested in a PR campaign, we would like just the facts. Specifically, we would like to know all of the different treatment options that are being considered.

We will have a Question/Answer period.

We are working on having several speakers. Once we get a confirmation from each of these speakers, we will let you know how long you have to speak.

Our meetings take place at the St. Johns Community Center, in their auditorium. You may bring a laptop for a PowerPoint presentation. There is no WiFi available.

Monday, November 18th, 7- 8:30 pm.

I have cc'd my co-chair on this email.

Thank you!
